

Dear Valued Customer,

We are excited to announce Metcon Sales & Engineering Ltd., a leader in municipal and industrial chemical feed and control solutions, has been rebranded under a new name — **SCG Process**. This change will make it more efficient for you to leverage our full suite of products, engineered solutions, and services by uniting our business units and collective expertise.

Unified as **SCG Process**, we can help you implement more solutions to support your facility's process performance and aging infrastructure needs. We are now a bigger and better one-stop-shop offering faster and more knowledgeable service for your complex challenges. In addition to chemical feed and control solutions, our experts can assist you with:

- Rebuild services for large pumps and blowers
- Process equipment part rebuilds to extend the life of old assets
- Material component upgrades to solve process challenges
- A greater line-card of process pumps and parts
- Nationwide locations and product inventories

We are committed to ensuring you continue to receive the high level of service and innovative solutions you have come to expect. We encourage you to review the attached information to learn more about the rebrand process and visit our new website at www.SCGprocess.com to learn about the company.

Sincerely,

Brian Mergelas
Executive Vice President
SCG Process
